

THE GOURMET EXOTIC SPICE CLUB

Dear Taste-Sensationalist,

Do you like to chase the next great flavour?

We know when it comes to cuisine you like to try things a little more interesting than average, and probably do things a little differently to everyone else. Exotic people have exotic tastes, and The Gourmet Exotic Spice Club is where we can all come together. Why not become a member?

Spicy Secrets

We're sure your cupboard is already well-stocked with herbs and spices, but the sort of ingredients we're talking about are not the kind you get from an everyday supermarket. Our spices come from all over the world, and are guaranteed to be fresh, intense, and of the highest quality. You'll be amazed at how importing direct from the source can make such a difference.

Free Samples!

With membership, you receive a new exotic herb or spice every month, plus a book of recipes for exquisite dishes you can use it with.

If you sign up as a new member between now and April 1st, we'll help you get up to speed with a free taster pack of spices to instantly broaden both your knowledge and your palette. In no time at all, you'll be able to impress your family and friends with a new depth to your cooking and some flavoursome surprises.

And if you chose to cancel your membership within 14 days, you can keep the pack as a gift from us, no obligations!

Online Community

As we say, the first rule of Spice Club is you must talk about Spice Club! On our website, members can access the forum, where everyone is up for sharing ideas, exchanging notes, swapping recipes and getting all the updates on what spices will be featured in the months ahead. As someone who loves a great flavour, you'll be in great company.
